„Phil“ – Info 2017 for our friends from abroad

The band „Phil“ presents the original sound of Phil Collins and Genesis

The band "Phil" has the original sound of Phil Collins and Genesis. In the eleven-member band surrounding the charismatic singer Jürgen "Phil" Mayer, the name says it all. The repertoire of the nationally successful formation, originating from the Karlsruhe area, includes the greatest hits of the British megastar and his former band "Genesis."

"Phil" is more than just a copy of Collins. In many live concerts in Germany, Italy, France and the Benelux countries, the band has earned a reputation as an authentic Phil Collins and Genesis tribute band. The focus of the perfect show is entertainer Jürgen Mayer. He not only looks very similar to Phil Collins, but is also blessed with a unique voice, energy, and dynamic stage presence. Mayer is supported by a band of seasoned professionals with a brass section and two female singers.

Mister Phil Collins himself, with which the band has been in close contact for years, recommends that admirers of his music should take attending a "Phil" concert to heart. For the band's ten-year anniversary in 2008, he came to congratulate in person!

On the website you can learn more about the band "Phil", or you can attend one of our many concerts.
